**NYLUX**  
NYLON LUXURY CARPET PLANK

A medium shot of a young woman with dark hair pulled back in a ponytail, smiling broadly. She is wearing a light beige t-shirt and is holding a large, rectangular white carpet tile with both hands, presenting it towards the camera. In the background, there is a clear glass vase on a surface to the left and a dark object at the bottom center.

Why Nylon Carpet Tiles?

- High-Strength Nylon Yarn
  - Superior
- Long-Lasting Beauty.
  - Easy Care
  - Design Freedom
- Comfort & Acoustics
- Sustainable Choice

NYLON

## BUILT-IN SUSTAINABILITY

At HEGO, we believe performance and sustainability should go hand in hand. That's why our carpet tiles are designed with eco-conscious materials and manufacturing processes:

**Solution Dyed Yarns** – Our Nylon Carpet Tile series is made of 100% Solution Dyed Fibre which uses almost no water and reduces water pollution when compared to other dyeing methods by nearly 99%.

**Low VOC emissions ( $< 0.5 \text{ mg/m}^3$  /CRI GLP )**

Formulated with low VOC materials to support improved indoor air quality and occupant well-being. Hence meeting the requirements of CRI Green Label Plus Program.

**Excellent Light Fastness** – Designed to retain colour vibrancy over time, even in areas exposed to light.

**Reinforced Backings** – Engineered for long life, reducing the need for early replacement

**Low Waste Installation** – Modular sizes minimize cutting and waste on-site

**Recyclable Materials** – Many components can be recycled at the end of their life cycle

NYLON LUXURY CARPET PLANK

## WHY CARPET TILE?

Carpet tiles are **modular flooring units**, typically square or rectangular, designed for ease of installation, design flexibility, and long-term durability. Carpet tiles give you the freedom to mix, match, and reconfigure — with less waste and fewer limits.

## HEGO CARPET TILE SOLUTIONS

**Design with Intent. Build with Confidence.**

In every great space, the floor is more than a surface — it's part of the experience. HEGO carpet tiles bring architecture, performance, and material integrity together, offering designers a modular flooring solution.

Whether you're drawing up a vibrant open-plan office, a quiet gallery, or a high-impact retail space, HEGO delivers a flooring system that's as smart as the space it's in.

## Behind the Tile : The Making of Hego Carpet Tiles

Every HEGO carpet tile begins with premium materials and precision engineering. From yarn selection to final inspection, each step is carefully crafted to ensure durability, performance, and style.

### 1. High-Performance Yarn

We start with solution-dyed polyamide fibres — known for their exceptional resilience and rich, lasting colour. Because the dye is integrated at the polymer stage.

### 2. Precision Tufting

The selected yarn is tufted into a primary backing with exacting detail. This process creates the tile's texture, pattern, and pile height — blending design with tactile structure.

### 3. Bonding

Multiple engineered backing layers with PVC are thermally bonded to the tufted surface under controlled conditions. This fusion ensures dimensional stability, strength, and a long-lasting foundation.

### 4. Finishing & Quality Control

Each tile is cut to precise dimensions, maintaining close tolerances for consistent installation.

**5. Available in modular formats** — 50x50 cm, 25 x 100 cm, offering flexible layout options

50 cm x 50 cm

25 cm x  
100 cm

## WHY CHOOSE HEGO CARPET TILE?

- Long Lasting fibre performance
- Durable, comfort-focused backings
- Low-Maintenance and easy installation
- Environmentally responsible design
- Ideal for commercial, retail and institutional spaces

## TECHNICAL SPECIFICATIONS

CONSTRUCTION	MULTI SCROLL LOOP PILE
MATERIAL	100 % NYLON (POLYAMIDE 6)
DYE METHOD	SOLUTION DYED
TUFFING GAUGE	1/10" (ATLAS & NEXUS) / 1/12" (DIMENSION)
PILE WEIGHT	580 GSM +/-8%
TOTAL WEIGHT	4100 GSM +/-5%
PILE HEIGHT	3-3.5 MM +/-5%
TOTAL HEIGHT	5-5.5 MM +/-5%
PRIMARY BACKING	NON WOVEN
SECONDARY BACKING	STABLE SHIELD-100% VINYL ( PVC BACKING )
SIZE	50 CM X 50 CM
QUANTITY / BOX	6 SQ. MTR. (24 TILES)
PILE TREATMENT	UV TREATED YARN & SOIL RESISTANCE
RECOMMENDED INSTALLATION	QUARTER TURN OR BRICK

## PERFORMANCE CERTIFICATE

WEAR CLASSIFICATION	HEAVY CONTRACT	
VOC (GREEN LABEL PLUS)	ASTM D5116	< 0.5 MG/M <sup>3</sup> /CRI GLP
FLAMMABILITY	ASTM D-2859//FF 1-70//16CFR 1630	PASS 8/8
REACTION TO FIRE	ASTM E 648	DESIGNED IN LINE WITH CLASS 1
SMOKE DENSITY	ASTM E 662	DS <450
STATIC PROPENSITY	ISO 6356	< 2 KV
COLOR FASTNESS	AATCC/16	5/5 ON GREY SCALE
THERMAL RESISTANCE	ISO 8302	0.03 – 0.1 M <sup>2</sup> /KW
SOUND ABSORPTION	ISO 354	ENHANCED ACOUSTIC PERFORMANCE / AOR
IMPACT SOUND INSULATION	ISO 10140 / ISO 717	ENHANCED ACOUSTIC PERFORMANCE / AOR
DIMENSIONAL STABILITY	EN 986	< 0.20%
CASTOR CHAIR TEST	ISO 4918	3-4
SOILING RESISTANCE	ASTM D6540-00	4

## NOTE:

1. SPECIFICATIONS ARE SUBJECT TO CHANGE TO IMPROVE PRODUCT & PERFORMANCE.
2. SLIGHT COLORVARIATION MAY OCCUR FROM DYE LOT TO DYE LOT.
3. SLIGHT BOWING COULD BE VISIBLE AND SHOULD NOT BE TREATED AS A MANUFACTURING DEFECT.
4. WE RESERVE THE RIGHT TO AMEND THE ABOVE SPECIFICATION WITHOUT COMPROMISING THE PERFORMANCE.
5. PRODUCT IMAGES ARE FOR VISUAL PRESENTATION ONLY. PLEASE REFER TO ORIGINAL CATALOGUE FOR ACTUAL COLOURS.
6. WARRANTY IS SUBJECT TO TERMS & CONDITIONS.
