

ZOLO

AC-4 V Groove HDF Laminate Flooring

A photograph of a person with dark hair, seen from the back, wearing a long, flowing white coat. They are walking along a narrow, winding path that cuts through a vast, rolling landscape of green tea plants. The plants are trained in a unique, layered, and contorted style that creates a series of concentric, wave-like patterns across the hillsides. The lighting is soft and natural, emphasizing the texture of the tea leaves and the sense of depth in the terrain.

V-GROOVE ELEGANCE

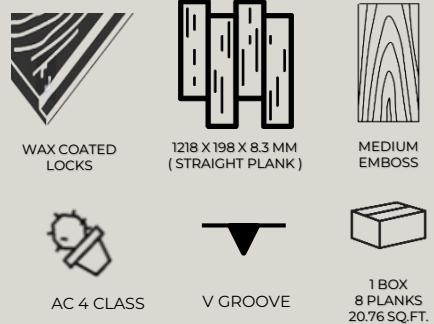

Experience the charm of real wood. Zolo planks feature beveled edges that form a subtle “V”-shaped groove, giving your flooring depth, character, and a natural plank-like feel instead of a flat surface.

REAL AC4. REAL TOUGH.

Crafted to meet AC4 standards, Zolo is designed for strength, durability, and everyday performance—perfect for both homes and light commercial spaces.

6 NATURAL SHADES. 6 UNIQUE STORIES
